

Casper Boat Club Newsletter

September 1, 2020

Here we are already- it's September, and it will be coming to an end September 27th. That is the date for the club to close for the season. I hope you feel the same way the board does... We aren't ready for the fun to end. I do hope that the activities we planned-and were actually able to do- were fun for everyone.

The Garage Boys played for the Boat Club August 15th, and it was a huge success. Lots of food, and drinks were sold. Everyone had a great time. Thank you, David Lee and Bart Butcher, for setting this up. Thank you, Rob Vondra, for setting up the stage.

August 22nd The Grease Monkeys played for the crowd. Members danced and had a great time. The Grease Monkeys have always been a crowd pleaser at the club.

I hate to have to tell everyone that one of our members has passed away. Joe Linn passed away August 17th. He was the Commodore in 2001. He accomplished several projects while he was Commodore- the dining room remodel (the wall where all the past Commodore pictures are hanging-used to be an open kitchen), the covering on the lower deck. He was part of several other improvements to the club. Thank you, Gary Stokes, for letting me know about Joe's passing.

We have already started our "to-do" list for Fall, Winter and next Spring, if there are things you see that we need to address- please let us know.

Clean up day is set for October 10th at 9:00 am. Please join us if you have some time. We appreciate any help we can get!

Please- Enjoy, Enjoy, Enjoy the club until we close for the season.

As always, even when the club closes, don't hesitate to contact me if you have any questions or concerns.

Respectfully,

Linda Vondra
Commodore 2020
