I would like to express my thanks and best wishes to David Simonson whose last term comes to a close this month. David has served as Commodore as well as held other offices and has been a member of the new member orientation committee. He has also been involved with the annual regatta as well as in many other events over the years at the club. Thank you David for your service and we look forward to seeing you at the lake in the years to come.

I would like to thank the remaining members of your Board for their hard work this past year. We leave 2008 and enter the New Year in excellent shape due to the work of this board. The club is financially sound and has made many improvements under this board and it has been a true honor to work with each board member this year.

In this mailing you are receiving your billing for 2009 membership dues, and any other fees that may apply. Your membership and current dock space, land storage space and jet-ski slip will only be reserved if you make full payment of your dues and fees by March 1, 2009. You may make payments in installments between now and March 1 to pay for your dues and other fees for 2009. Please phone Karen @ 237-9823 to make arrangements if you desire to make payments.

Our manager, Sheryll Ullich did a wonderful job for us again this year and she will return again in 2009. If you see Sheryll over the winter please don't forget to thank her for a job well done.

Finally, this letter brings to a close my term as your Commodore. Becoming Commodore of the Casper Boat Club was never anything I had thought possible and it has been more than an honor to serve you in this capacity. I have worked with a great board and met many new friends who I look forward to seeing at the club next season and in the years to come. We are very fortunate to have a club of this caliber here in Wyoming and I thank you all for your support and for allowing me the honor to be one of the Commodores of the Casper Boat Club. I wish you the best this holiday season and for 2009. Thank you.

Don Claunch, Commodore
