November 2010

Wow, what an October. We haven't had a fall like this in a long time, it has been beautiful. I hope everyone got out and enjoyed the wonderful fall weather. Even if we had to be away from the lake it is only getting closer to spring. Here is to a quick winter.

I want to thank everyone who helped out getting the club closed up. It went very well and we got it done very quickly this year because of all the help. Thank you to Compression Leasing for the donation of the compressor to get the club blown down.

Just a reminder that we will be sending our billing for the 2011 season in December, if you have any corrections or changes to your account please contact Karen Ewart at 237-9823. Your 2011 dues must be paid by March 1<sup>st</sup>. Please remember to keep you bill current, they need to be paid and kept up to date. If not this could put your membership at risk.

Your new board of directors will start their terms on January 1st of the New Year.

To keep up to date on boat club information, email your board, request a dock, and more please check our website at [www.casperboatclub.com](http://www.casperboatclub.com).

Nick Hopkins, Commodore 2010
