

## February 2008

Dear CBC Members,

If you are like me you are probably very tired of this wind and wanting the boating season to start more than ever. Well, as I write this we only have 70 days until the club opens for the year, so we are getting there!

At its January meeting, your board did its annual walk through of the clubhouse and grounds to identify needed improvements. The board identified many things; some of which need to be done and others that would just make nice additions or changes to the club. February is budget month and as we work through the budget we will narrow this list down to a workable length and at that time we will let you know what projects are slated this year both in the newsletter and on the club web site.

A couple reminders. Your annual dues and fees are now due and bills for these were sent in December. Remember, to keep your membership current and to reserve your slip space, your fees must be paid by March 1<sup>st</sup>. Also, if you wish to install a boat lift you must have board permission to do so prior to installing the lift. The rules and process for boat lifts can be found on the club web site.

Looking ahead, the annual Commodore party will be held once again at the Casper Petroleum Club on March 29. More details will follow on this and as last year you will be able to register for this event either by mail or on the club website.

A tentative schedule of club events is included on the second page of this newsletter. This is also on the club's web site at [www.casperboatclub.com](http://www.casperboatclub.com). I encourage you to check the site regularly, not only for updates to this schedule, but for news and information about the club.

Warmer temperatures and calmer winds are not too far away so hang in there! I look forward to seeing you this season at the club,

Don Claunch Commodore
