

The CBC Onshore News

July 2009

The summer keeps getting warmer and so does the water. Everyone comes to the lake to have a great time and lets keep it that way by putting safety first and foremost on our minds. Please remember to be responsible while boating. It will ensure that you and everyone else enjoy the Wyoming summer.

The annual Governor's Cup Regatta took place over Father's Day weekend in June. 30 Boats from the Rocky Mountains came to participate. They had calm winds on Saturday and were shown true Wyoming weather on Sunday. Thank you to Sheryll and her staff for doing such a great job and showing our guest what an incredible club we have at Alcova.

The new play set is ready at the beach house. Thank you to all of the help that we had putting it together. It is a great addition to the club and will be enjoyed by many families for year to come.

We have a lot going on in July. For starters, join us for our annual 4th of July Fireworks celebration. This is a very busy weekend at the lake and there will be security at the gate so be sure to call and have any guests put on the guest list. Also check to make sure your club stickers are in your windows. Most of the expense of the fireworks display is covered by your generous donations. Please fill out the donation form that was sent to you. Every donation helps. Thank you.

Circle the Wagons and the boats for the 5th annual poker run on Saturday, July 18. Proceeds will be donated to Jason's Friends Foundation again this year. So get your poker hands and join us for the fun for a good cause.

The USS Wyoming Crew will be joining us for a day on the water and dinner at the club on Tuesday, July 21. Volunteers are needed to give boat rides to the crew. If you would like to spend some time with the crew of the USS Wyoming and take them out for a day of fun or to join us for dinner please call the club at 472-6922. Reservations are required for dinner.

Don't forget to be checking the website. Look for new regatta photos and more. We have a new web cam and weather station installed at the club and it can be viewed on our website at casperboatclub.com. The weather is updated every two minutes and gives the temperature, wind speed, humidity, rain, and barometer information. The web cam photo looks south from the club toward Fremont Canyon and is updated every 5 minutes. It is a great addition to our website and I would like to thank Don Claunch for installing it and doing a great job keeping our website up to date.

For all of your updated club information go to www.casperboatclub.com.

Sonya Gruner, Commodore

A tentative schedule of club events is included below. This is also on the club's web site at www.casperboatclub.com. Please check the site regularly, not only for updates to this schedule, but for news and information about the club.
