

Casper Boat Club Newsletter

February 2014

With the cold weather we have been experiencing, it is hard to believe that boating season is just a few months away. Thank goodness for spring and summer being just around the corner!

We would like to give a special thanks to Don Claunch for all the hard work he does with the Casper Boat Club website. He has done a tremendous job keeping the site updated, and the membership apprised of the weather conditions at Alcova Lake. Please be sure to check the website for upcoming events (www.casperboatclub.com).

Remodeling Plans

We are moving a wall in the kitchen area to make more room for food storage. We are also planning on renovating the men's and women's restrooms.

Contacting Board Members and Committees

Your board and its committees want to be responsive to various requests from the membership. In order to facilitate efficient and effective communication, the board asks that if you have a concern, request or question that you visit the contacts page on the Casper Boat Club website and select the specific committee responsible for your topic. For instance, if your slip is in need of repair, please email the Docks and Bulkheads Committee and be specific about your request. This will ensure a prompt response from the committee. Thank you for your assistance!

2014 Committees

House and Stewardship – Ken Hampton

Finance and Budget – Dave McMahan

Grounds and Facilities – Mary Ann Hoff & Pat Elbogen

Docks and Bulkheads – Chris Trujillo & Nick Bailey

Dock Assignment – John Hatcher & Dave McMahan

Entertainment – Nancy Means & Festi Edwards

It's Dues Time!

Please remember to get your Club dues and dock fees paid by March 1, 2014. Dock dues not received by this date could cause your dock to be reassigned to paid members waiting for a dock.

Boat Trailer Stickers Required for 2014 Season

Remember to put your 2014 Casper Boat Club sticker on your empty boat trailer that you store on Club grounds. We have limited empty trailer spaces, and these are for members that have docks and land storage. Empty trailers without 2014 stickers will be subject to being towed off the property by a towing company and stored at their facility. Please help us manage trailer issues by making sure your sticker is visible. Thank you!

Sincerely,

John Hatcher, Commodore
