

The Casper Boat Club

Just over a month!

Our new managers will be here in a few days to begin the process of opening the club and getting things ready for our opening date of April 16th! In the meantime we are very busy planning for the club activities as well and working on food and drink menu and specials.

Memberships and Slip Availability

There have been a number of inquires regarding docks and new memberships. We need to wait until after the March 1st deadline to define membership numbers and possible slip availability based on memberships and slip cancellations.

Reminder:

Boat slip assignments are for members and that members boat only. Slips are not to be passed on by members to other members without going through the slip assignment process.

Is your slip being used?

(20 to 40 of our slips are not being used.)

The Casper Boat Club has a set number of slips allocated to The Club. Of those slips, there are a number that have gone unused for years. As a private club, we want to provide slips to active members from our wait list. We are looking to identify members with unused slips that are willing to pass these on to members on the wait list. We are eager to support the active use of The Boat Club to members that have been anxiously awaiting space for their boats. We greatly appreciate the support of members who may no longer need or use a slip for their boats. This will continue to be your Boat Club. Our hope is to maximize the use of our docks and services for our members. Please send an email to casperboatclub@gmail.com if you no longer need a permanent slip assignment and want a refund for this upcoming year. We appreciate your support and commitment to The Casper Boat Club.

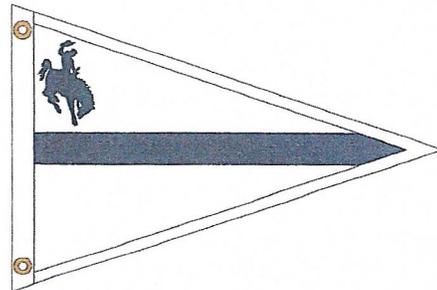

By Guess and By God,

Chris Trujillo

Interviewing in March and April

We have positions open in the bar and kitchen for the season. Bartenders and wait staff both full time and part time are available. If you know someone who might be interested please have them send a letter of interest to — casperboatclub@gmail.com

Reminders

The Commodores' Dinner will take place with the Ice Breaker on May 21st!

If you are planning to install or move a boat lift you need approval from the Dock Assignment Committee. Lifts must be cantilever lifts
