

Casper Boat Club Newsletter

June 2015

June is upon us and the club is open full time now. Please come out and enjoy your club, obey all CBC rules & regulations, and have a safe & fun summer! Please remember, all boat lifts must be presented to the Board for approval. Any trailer left on the grounds must have a **current license plate** and a 2015 CBC sticker.

May was a busy month with great events and entertainment. Please check the CBC website for all the upcoming events.

Canyon to Curve

Thank you to everyone that participated in our 7th Annual Canyon to Curve Fun Run/Walk. We had over 50 participants this year and a great morning for running. Two course records were set this year; Andrew Wlaslo for the men with a time of 31:35 and Asia Clark for the women with a time of 35:55. Congratulations to them both for a great run. Thank you to our volunteers, Rick & Nancy Means and Kevin & Tara Roberts for helping make this year's race a success. Thank you to the Boat Club staff for the great breakfast buffet and to Ben Gruner for his famous Bloody Ben's! Hope to see you next year. Sonya Gruner.

July 4th

The 4th is on Saturday this year and we will again have security at the front gate. This year we are seeking additional donations to upgrade the firing system, which was purchased in 2006. Furthermore, we need to purchase a secure mobile unit for fireworks equipment storage. These upgrades will cost approximately \$9500.00 in addition to the \$15000.00 to purchase the fireworks. Please encourage your friends and neighbors who come to the lake for the "free" fireworks show, to consider a donation to the Casper Boat Club this year.

Upcoming Events

Saturday June 6th - Ladies Night

Saturday June 20th - First Day of Summer (Mitch & Sonny & Grease Monkey Band)

Saturday July 4th - Fireworks

The board has talked about putting together an advisory committee. This committee will be available IF the board needs advice on past rules & problems. If you are interested, please contact me or a member of the board.

See you at the club,

Dave McMahan, Commodore 2015
