

Casper Boat Club Newsletter

May 2014

We kicked off the 2014 season with the Commodore Party on April 5th at the Petroleum Club. 65 meals were served this year. The auction items raised \$2,370.00. The beef was won by Tom and Lea Stokes. Thanks to everyone who donated auction items and attended the event.

Casper Boat Club Events

Please look at the enclosed flyer for upcoming events at the club. The entertainment committee has come up with some fun events to entertain the members this year. The events also will be listed on the web page: www.casperboatclub.com.

Electricity Inspected

An electrician came out to the club and inspected all the electrical around the docks. He said that everything checked out alright, and there are no electrical shock hazards that will occur with boaters or swimmers.

Donation Plaque

Thank you all who donated money to defer the cost of the new deck. We raised over \$13,000.00 in donations. The donation plaque has been made and is on display.

New Camping Rules

The board has created new camping rules to try to remedy some of the camping issues that have come up in the past. If you camp on club premises, please read the enclosed flyer regarding the new camping rules.

Bagging Trash

Please bag your trash before throwing it into the garbage receptacles. Bagging helps with trash being blown out of the receptacles and littering the grounds. Mary Ann Hoff is looking into recycling bins that will be put around the club and grounds. Please use these bins to help us recycle.

New Members

The orientation committee will be calling you to attend one of three club tours on May 4th, May 10th or May 17th at 11:00am. At this time you will receive your membership card, watercraft & vehicle stickers, gas key and an information packet about the Casper Boat Club.

Sincerely,

John Hatcher, Commodore
