

# Casper Boat Club Newsletter

June 2017

Hello Members,

We had a great kick-off weekend at the club over Memorial Day weekend. It was great to visit with a lot of the members. Jay Reece and his crew did a great job and I believe fun was had by all. The weather will improve in June and should make for some great boating and sailing. The improvements at the club will continue throughout the summer. Painting of the club should be wrapped up in the next few weeks. The horseshoe pit is up and functional down by the swim beach, the swing set is almost complete, and the life jacket loaner rack is done. A 'BIG' thanks to those that helped with those projects.

Docks : We are still waiting on approval to install 22 new docks from the Bureau. As we move towards accommodating more people on our ever growing list it is important that we make use of the docks we have by putting boats in them. If you know of a dock that has not been used in the last couple of years please send the dock committee and email with the space that is not being used. I am encouraging those that are not, and will not be using a dock space to relinquish that spot so we can accommodate those that would like to put a boat in a slip. The board is in the early stages of drafting a plan that will ensure dock spaces are being used.

I look forward to seeing everyone at the club!

*Don Higbee*  
Commodore
