

# Casper Boat Club Newsletter

May 2017

Hello Members,

Mother nature has not been so kind, but we know summer is right around the corner. We have gotten off to a great start at the club. Jay Reece and his staff are doing a great job cooking some tasty food and serving up some great drinks. The improvements to the club have come along nicely. Thank you to all of the members and board members who have contributed with the projects.

In past newsletters, you have heard me mention docks quite a bit. This is one of my major focal points as Commodore this year. There are two things in motion that are intended to get those that want dock spaces taken care of. First, we have purchased 22 floating docks and we are working with the Bureau and the County to get these put in. Secondly, we will be working as a Board to implement a process to free up unused dock spaces. There are numerous spaces that have not had boats in them for years. The purpose of the docks is for them to be used by members that have a boat, want to use a dock, and participate at the club. We will be working over the next few board meetings to implement a process that frees up unused spaces. If you are not using your space, and have not been, please be considerate and relinquish the space.

We have the Ice Breaker on May 13<sup>th</sup> and Mother's Day Brunch on May 14<sup>th</sup>. Please make sure you call the club for reservations. It is going to be a great season at the club and I look forward to seeing everyone this season!
