

# Casper Boat Club Newsletter

April 2017

Hello Members,

Spring appears to finally be here. The clean-up day went well, thanks to everyone that attended. Dock assignments have been completed. There were only 4 slips that came available this year. The board is addressing the dock issue. We have purchase 22 EZ docks and we are working with the Bureau to gain approval for our installation location. This will help significantly. A large issue with the docks situation is member's having docks and not using them for consecutive years. We have encouraged members who have not used their docks to relinquish them. Unfortunately this has not worked. The board will be discussing and putting into place a system that frees up dock spaces that are not being occupied and used year after year.

The carpet and blinds have been installed in the club and they look great! Thanks to Kim Latka for spearheading the effort and to all the members that have contributed. I look forward to seeing everyone at the club!
